

NEWSRUNNER

NewsRunner is the only 4x4 ENG truck design that offers (2) equipment racks, a 42-ft mast, and a Triton V10 engine. Designed on the Ford Excursion, the NewsRunner offers more total interior space than any other SUV designed for newsgathering.

- **4-wheel-drive** helps you transmit live pictures regardless of terrain, weather.
- **Dual Equipment Racks** provide space for an operator and an editor.
- **Vehicle Safety Interface** protects driver and operator.
- **42' mast** extends the range of smaller, lighter ENG SUV's.
- **Eagle Eye camera system** includes 16x zoom.
- **Forward mast design** relieves weight from rear axle and creates more space for news gathering.

Rear storage is provided without compromising necessary service access to the equipment racks.

The Vehicle

- ▶ Ford Excursion 4x4 XLT
- ▶ 137" Wheel Base
- ▶ 8900-lb. GVWR
- ▶ 6.8L EFI Triton V10 Engine
- ▶ Electronic 4-Speed Automatic Transmission
- ▶ Tilt Steering/Cruise Control
- ▶ Power, Heated Tow Mirrors
- ▶ Auto Locks/Windows
- ▶ Captain's Seating
- ▶ Interior/Exterior Ziebart Rust Proofing
- ▶ Anti-Theft/Door Ajar System
- ▶ Roof-Mounted Heating/Air Conditioning

Central power distribution panel can be operated while standing outside the truck.

The Power Plan

- ▶ Power Distribution Panel
- ▶ 4.5-7kW Commercial Generator
- ▶ External Shore Power with 25' Cord
- ▶ 40 Amp Battery Charger
- ▶ Inverter Power with TEC Auto-Engage
- ▶ Interior DC access ports

The front console houses mountings for cell phones, 2-way radios and frequency scanners.

Eagle Eye camera system can overcome obstacles to provide instant and wide shot during set-up.

News Gathering Features

- ▶ 2 GHz and/or 7 GHz Microwave Systems
- ▶ 30 or 42' Pneumatic Mast
- ▶ Roof Deck Photography/Maintenance Platform
- ▶ Lighted Push-Button Pan/Tilt Controls
- ▶ Lighted Exterior Connector Panel
- ▶ Dual Equipment Racks
- ▶ Pre-Wired Ceiling Antenna Access Plates
- ▶ Front and Rear Storage Consoles
- ▶ Off-Air UHF/VHF Antenna
- ▶ Audio/Video Monitoring Equipment
- ▶ Rackmountable laptop editing console
- ▶ Eagle Eye Camera System
- ▶ TEC-IFB-19A Controller
- ▶ Quick Removal Cable Reels
- ▶ Scanner, 2-Way Radio, Cellular Phones
- ▶ Interior/Exterior AC Receptacles
- ▶ Scene Lighting Systems

Safety Features

- ▶ Solid State Mast-Ignition Interlock Logic
- ▶ Precision Weight Balance Distribution
- ▶ Isolation Transformer
- ▶ Mast-Up Lighting System

The Vehicle Safety Interface prevents the news truck from being moved while the mast is extended.
